

NOVEMBER 15

8:00 a.m. - 4:30 p.m.

The Henry Center
Room A169

SCIENCE DAY 2019

CENTER FOR RESEARCH ON INGREDIENT SAFETY

NON-TARGETED ANALYTICAL CHEMISTRY

“Non-Targeted and Suspect Screening of Foods: Development, Optimization, and Implementation”

Christine Fisher, Ph.D. (U.S. FDA)

“Understanding the Benefits and Challenges to Using Non-Targeted Methods for Food Analysis—an Industry Perspective”

Indarpal Singh, Ph.D. (Conagra)

“EPA’s Non-Targeted Analysis Research Program: Building Tools to Enable Rapid Exposure Surveillance”

Jon Sobus, Ph.D. (U.S. EPA)

GREEN CHEMISTRY: MICROPLASTICS

“Are Microplastics a Threat to the Environment?”

Allen Burton, Ph.D. (University of Michigan)

“Advancing the Quality of Environmental Microplastic Research”

Scott Dyer, Ph.D. (LeTourneau University)

“The MicroPlastics Issue”

Ramani Narayan, Ph.D. (Michigan State University)

SCIENCE COMMUNICATION

“Making Science Communication More Strategic”

John Besley, Ph.D. (Michigan State University)

Free Event!

Space is limited

RSVP by November 4
